HANIEH JANESHINPOUR

front-end developer

Front-end Developer trained in React.js and Next.js through a 7-month course at Maktab Sharif, where I built several personal projects with both technologies. I worked as a React.js Front-end Developer at a company for 6 months from November 2024. Since December 2025, I have been working at a software development company, developing and improving web applications with Vue.js and Nuxt.js. Skilled in building responsive UIs and integrating REST APIs, with a passion for continuous learning and challenging projects.
